Enroll Now for Fall!!

Construction Technology –
Students will learn construction skills & build a home in the community.

Welding –
Learn industry-mandated welding skills.

Day and Evening classes available

For more information about the construction technology or welding program contact Brenda Krumm, **431-2820 ext. 234**

**IMPORTANT DATES:
SUMMER 2009**

- June 1** Tuition & fees due
- June 1** First 4-week summer session & 8-week summer session begins
- June 25** First 4-week session ends
- June 29** Second 4-week session begins
- July 2** CAMPUS CLOSED
- July 23** Second 4-week session & 8-week session ends

Students may pre-enroll for summer courses until May 14. After May 14, students must pay in full at the time of enrollment. Tuition & fees for all students enrolling in summer courses are due by June 1. Students who have not paid in full by June 1 may be dropped from their courses.

Summer Refund Deadlines: Refunds are only given for classes dropped on or before the day of the first class meeting. Students who drop a class after the first class meeting will NOT receive a refund. Students must complete an add/drop form and return it to the student services office before a drop/withdraw is official. Refunds are processed every other week and available on those Thursdays.

FAQ ABOUT ONLINE & HYBRID COURSES

How do I access my online class?

Go to www.neosho.edu.

Click on the "Inside NC" tab.

Log in to "Inside NC."

If you don't know your log in information, call (620) 431-2820 ext. 508 or email webhelp@neosho.edu.

Click on "My Courses."

Find your online course in the list of courses and click on it.

Most instructors post course information under "Coursework," "Handouts," "Announcements" or in the "Syllabus."

It is always a good idea to email your instructor before the course begins. You can locate your instructor's email address under "Course Information" on Inside NC.

What is the difference between an online and a hybrid course?

An online course is just that – all coursework is done online. Hybrid courses utilize a significant amount of online learning, thus reducing the amount of time spent in the classroom. Learners in hybrid courses spend a substantial amount of time working individually and within collaborative groups on assignments, projects, and activities. The faculty's role changes from a lecturer to a facilitator of the learning process. Students in hybrid courses will be required to attend class on one of our campuses periodically throughout the semester, whereas online students typically can do all work remotely.

Do I need a book for my online course or is all of the material online?

Most online courses require a textbook. Call the bookstore at either campus to find out about textbook requirements. (620) 431-2820 ext. 247, or (785) 242-2067.

Do online courses allow me to work at my own pace?

Although some online classes do allow you to work at your own pace, most online courses are taught very similar to "face to face" courses and have deadlines for assignments. Students who are procrastinators by nature often struggle in online courses.

Are online courses less demanding than "face to face" courses?

No. Usually, the opposite is true. Online courses are typically more demanding because you do not have an instructor in front of you a few times a week reminding you of what needs to be completed and by when.

What if I'm having problems in my online class? Are there tutoring or other online services available to me?

First, contact your instructor via email. Currently, we offer online advising, financial aid, disability and registration services. We hope to add online tutoring services in the near future. Our online students are encouraged to utilize tutoring services at either of our campuses. For more information about tutoring services, please contact Randy Kettler (rkettler@neosho.edu) at our Chanute campus or Dale Ernst (dernst@neosho.edu) at our Ottawa campus.

Who do I contact if I'm having technical problems with Inside NC or my online class?

Email webhelp@neosho.edu if you are having any problems accessing Inside NC or for any other technical difficulties you're having. We will try to answer your email within 24 hours when possible.
