

# Kansas Transfer Articulation Agreement

A student who completes an Associate of Arts or Associate of Science degree based on a baccalaureate oriented sequence at a state and regionally accredited Kansas public community college, and whose program of study has met the requirements of the Kansas Public Community College-Kansas Regents Transfer Agreement and Articulation Guide will be accepted with junior standing and will have satisfied the general education requirements of all Regents' universities. Students transferring to Regents' institutions who have not completed an Associate of Arts or Associate of Science degree will be given general education credit for any articulated general education course completed at the community college.

## Points of Clarification

1. This agreement applies only to Associate of Arts and Associate of Science degree transfers from state and regionally accredited public community colleges in Kansas. The agreement does not include transfers from non-accredited community colleges or any other colleges.
2. Transfer students accepted for admission at Kansas Regents' universities with an Associate of Arts or Associate of Science degree will automatically be given junior standing with the understanding that:
  - a) Each receiving institution has the right to determine admission standards to the various majors in their institutions.
  - b) Transfer students are subject to the same institutional assessment policies and procedures as resident students of the receiving institution.

Although the following distribution of courses does not correspond to the general education requirements at any Kansas public university, it will be accepted as having satisfied the general education requirements of all Kansas public universities.

## Prerequisites

The student will need to demonstrate proficiencies in reading, English, and mathematics based on the COMPASS assessment test, ACT or SAT scores, or by taking the recommended/required classes. Some of the courses in this curriculum have specific prerequisites.

## Course Sequence

The listing that follows is the recommended sequence of courses for full-time students. All students should generally complete the courses listed under Semester I before moving on to Semester II. Be sure to consult the course descriptions. It is very important to select the four-year college or university to which transfer is intended as soon as possible, preferably before completion of 30 credit hours. Knowing the degree requirements of the transfer institution could make a difference in which courses are selected.

## Associate of Arts Associate of Science Recommended Sequence of Courses

<b>(Fall) Semester I</b>		<b>Cr Hrs</b>
PSYC 100	First Year Seminar	1
ENGL 101	English Composition I	3
COMM 207	Fundamentals of Speech	3
CSIS 100/130	Computer Concepts and Applications or Intro to Computer Information Systems	3
MATH 113/110	College Algebra or College Algebra w/review	3-5
PSYC 155	General Psychology	3
<b>Total</b>		<b>16-18</b>

<b>(Spring) Semester II</b>		
	Laboratory Science Elective	5
