Student Loan Exit Counseling Process
2013-2014

In order to meet federal regulations, NCCC requires all loan recipients to complete exit counseling at the end of their loan periods. Therefore, complete exit counseling even if you are not graduating or leaving school.

Exit counseling provides you with information about your student loan debt and your student loan repayment options. You will need your FAFSA PIN number to access the NSLDS website and complete the counseling.

Upon your completion of the exit counseling, an electronic notification will be sent to NCCC and your financial aid hold on your student records will be released.

Student Online Loan Exit Counseling

- Go to www.studentloans.gov.

Select “Sign In”
Enter prompted information

- Then select the "Complete Counseling" tab and start Loan Exit Counseling.

- Further instructions will be provided on screen as you read the exit counseling information and answer content questions.
