GRADUATE DEGREE INTENT VERIFICATION

2021-2022

This form is being requested because you answered "Yes" to FAFSA (Free Application For Federal Student Aid) question 48 "At the beginning of the 2021-2022 school year, will you be working on a master's or doctorate program?" **and/or** you reported on your FAFSA the degree you are working on in the 2021-2022 school year is a graduate/professional degree. Neosho County Community College (NCCC), at this time, offers Associate Degree's, Certificate programs, and classes to transfer to a four-year institution. NCCC does not offer any Master's or Doctorate programs. As a result, students attending NCCC are not considered graduate level students. NCCC is required to resolve this information on your FAFSA.

Select the option that best describes your situation, then sign and return this form. If you prefer, you may submit a written statement of your degree intentions in the place of this form. If you have questions about completing this form, please contact the financial aid specialist at your campus location.

Option A — For students not working on a graduate degree.

I will **not** be working on a Master's, Doctorate, or other professional degree/certificate, during the 2021-2022 school year.

Please correct my FAFSA to show that the degree or certificate I will be working on is (choose one):

- Associate Degree (occupational or technical program)
- Associate Degree (general or **transfer** program)
- Certificate (program of less than two years)
- Certificate (program of two or more years)

Option B — For students working on a graduate degree.

I will be taking classes toward a Masters, Doctorate, or other professional degree program in the 2021-2022 school year. Since my graduate degree will not come from NCCC, I will not be degree seeking with NCCC, and no longer wish to continue my financial aid application.

I have read and understand the above information and the information I provided is complete and correct to the best of my knowledge.
