

**NEOSHO COUNTY COMMUNITY COLLEGE  
MARY GRIMES SCHOOL OF NURSING**

***Transfer of Credit***

Students applying to MGSON who have completed coursework at accredited institutions are to submit official transcripts for credit. Students must complete an admission application to begin the process. Official transcripts should be sent to the office of the registrar at NCCC. Unofficial transcripts will not be accepted. The registrar or designee will review the transcripts to determine equivalency. In some situations, a syllabus of the course and outcomes may be required for evaluation. Transfer work that is deemed not equivalent will be accepted as “elective.” The science courses, Human Anatomy and Physiology and Microbiology must be completed within seven years and Pathophysiology must be completed within 3 years of beginning the nursing program.
