

Program and/or Course Additions Qualitative Process Review

Programs and/or courses are developed when a need is identified in one or more of the following ways: 1) requests from individuals, businesses, industries, academic divisions, or staff members; 2) surveys which indicate interest in participation or potential employment in the proposed programs; and 3) requests from transfer institutions to satisfy the college articulation commitment and/or continuing education commitment. NCCC will utilize a process whereby programs and/or credit courses are subjected to a qualitative process review prior to application for program and/or course approval.

Annually, the president shall provide a verification that the institution complies with the qualitative process review.
