

Student Health

The college reserves the right to require a medical examination of any student at any time. When a medical examination is required for admission or continuation in a program or activity, a satisfactory medical examination report from a licensed physician must be filed with the chief student affairs officer. The chief student affairs officer will review the medical record report and may deny permission for a student to participate in a program, course or activity. Student athletes must provide evidence of current primary medical insurance in order to participate in a varsity sport.
