

Scholarships

Neosho County Community College offers a variety of institutional and Foundation scholarships for full-time and part-time students. Scholarships are awarded on the basis of academic ability, participating in activities, athletic skill and various other criteria. Students may apply for scholarships in addition to other financial aid. The NCCC Foundation Endowed Scholarships are based on criteria established by the donor, such as area of residence or course of study.

Students who move to Neosho County for the purpose of attending Neosho County Community College are not eligible for in-district scholarships. For specific information regarding scholarship criteria consult the NCCC Scholarship Handbook.
