

Sterling College

GUARANTEED ADMISSION ADVANTAGE FOR TRANSFER STUDENTS FROM NEOSHO COUNTY COMMUNITY COLLEGE

Sterling College welcomes applications from any Neosho County Community College student, but this Guaranteed Admission Advantage (GAA) agreement provides special benefits for students who earn an Associate of/in Arts (A.A.) or Associate of/in Science (A.S.) degree with a cumulative grade point average (GPA) of 2.5 or higher on a four-point scale (GAA students). This agreement provides special opportunities to help these GAA students experience a smooth transition to SC.

Important Benefits for GAA Students

1. No application fee.
2. Guaranteed admission with junior status.
3. Community college coursework completes all of the Sterling College general education requirements except for the Theology and Ministry Department courses and GD 105 Foundations of Servant Leadership.
4. All GAA students enrolling in SC are awarded scholarships designated by SC especially for GAA students. The amount of the scholarship depends on whether the student enrolls in on-campus program or one offered through Sterling College Online, and also on the incoming GPA and activity or sport participation. The SC admission application also serves as the scholarship application.
5. GAA students can have access to SC academic advisors, through the Sterling College admissions representatives, for advice and information on meeting requirements for various SC majors.
6. GAA students will be considered on the same basis as students who matriculated as first time freshmen students for admission to competitive programs, registration, financial aid, scholarships, student housing, parking, and any other opportunities open to students at the junior level.

Admission of GAA Students

1. Students must submit a completed SC application for admission as well as an official transcript showing completion of the A.A. or A.S. degree.
2. SC will guarantee the acceptance of all transferable credits earned from the A.A. or A.S. degree program, not to exceed 65 credits. Only courses with grades of "C-" or higher will satisfy requirements for the major. No distinction will be made by SC regarding college courses applicable

to the transfer-oriented associate degree that are taken through dual enrollment arrangements with high schools.

3. Students will be required to complete degree specific requirements upon transfer. Some of these requirements may be fulfilled by the equivalent community college courses.
4. Credit for courses completed through International Baccalaureate or Advanced Placement programs will be accepted according to SC policies in place at the time of enrollment as found in the SC Academic Catalog. These policies will also guide the awarding of credit by examination.

Revision of this Policy

The Guaranteed Admission Advantage policy, as all SC policies, are subject to change as deemed appropriate by the College without prior notice and without obligation. Students who entered under this GAA policy will not be adversely affected by any changes.

THE CURRICULUM

The mission of Sterling College is to develop creative and thoughtful leaders who understand a maturing Christian faith. As servant leaders within the context of a Christ-centered world-view, students are encouraged to develop an understanding of the world and how to work positive change within it. Given the pace of change in the world, students must learn to remain open to new ideas and interpretations and allow this new learning to inform their maturing faith. Sterling College divides the curriculum in the traditional way, with a general education curriculum that provides a common body of knowledge to all students, and majors which provide specialized disciplinary study. Sterling College's general education program, like the majors, is grounded in the mission statement, and is designed to help develop faithful, creative, and thoughtful leaders.

Each course is identified by a two letter subject code (BI = biology, MU = music) and a three or four digit course number. Each course description indicates the number of credit hours earned by successful completion of the class and an indication of the material covered in the course. More specific information on the course content, requirements, and schedule is available in the course syllabus which can be obtained from the Office of Academic Affairs or from the instructor.

GENERAL EDUCATION CORE CURRICULUM

The General Education Core Curriculum addresses the college's mission "to develop creative and thoughtful leaders who understand a maturing Christian faith." These characteristics are realized in graduates who develop broad knowledge, skills for thinking and acting, and values that arise from our Christian heritage and that aim to build a better society. Knowledge, skills, and values should be integrated into a worldview from which graduates seek to serve God and the world. More specifically, students should gain:

1. Knowledge of the world and its human cultures

Sciences	Mathematics
Social Science	Literature
Religion	Philosophy
History	Fine Arts

2. Intellectual and practical skills

Inquiry and reflection	Critical and creative thinking
Written and oral communication	Quantitative literacy
Information literacy	Teamwork and problem solving

3. Personal and social responsibility

Civic knowledge and engagement - local and global
Intercultural knowledge and competence
Ethical reasoning and compassionate action
Foundations and skills for life-long learning

4. Integrative learning

Synthesis of general and specialized studies

Courses Required For General Education

1.	LL101 College Composition I	3 credits
2.	One oral communication course from the following:	
	CT101 Public Speaking	3 credits
	CT130 Oral Interpretation	3 credits
	TM245 Homiletics (TM and CM majors only)	3 credits
	BU140 Business Communication (BU and SM majors only)	2 credits
3.	One mathematics course from the following:	
	MA108 Contemporary Math	3 credits
	MA110 College Algebra	3 credits
