

**NEOSHO COUNTY COMMUNITY COLLEGE
MASTER COURSE SYLLABUS**

COURSE IDENTIFICATION

Course Code/Number: ALHE 105

Course Title: Medical Terminology

Division: Applied Science (AS) Liberal Arts (LA) Workforce Development (WD)
 Health Care (HC) Lifetime Learning (LL) Nursing Developmental

Credit Hour(s): Three (3)

Effective Date: Fall 2013

Assessment Goal Per Outcome: 75%

COURSE DESCRIPTION

Medical terminology is a three-hour credit, one semester class. The purpose of the course is to provide the student with the basic tools for building a medical vocabulary. It emphasizes the building of a medical vocabulary from prefixes, suffixes, roots, and combining forms. Emphasis is placed on correct pronunciation, spelling, and analysis of medical terms as they pertain to anatomy, physiology, and diseases. The course provides an organized method for unlocking the mysteries of medical terms and building a working vocabulary. The various study methods used will enable the student to analyze medical terms and identify their relationship to specific medical categories.

MINIMUM REQUIREMENTS/PREREQUISITES AND/OR COREQUISITES

None

TEXTS

The official list of textbooks and materials for this course is found on *myNeosho*.

<http://www.neosho.edu/ProspectiveStudents/Registration/CourseSyllabi.aspx>

GENERAL EDUCATION OUTCOMES

1. Practice Responsible Citizenship through:
 - identifying rights and responsibilities of citizenship,
 - identifying how human values and perceptions affect and are affected by social diversity,
 - identifying and interpreting artistic expression.
2. Live a healthy lifestyle (physical, intellectual, social) through:
 - listing factors associated with a healthy lifestyle and lifetime fitness,
 - identifying the importance of lifetime learning,
 - demonstrating self-discipline, respect for others, and the ability to work collaboratively as a team.
3. Communicate effectively through:
 - developing effective written communication skills,
 - developing effective oral communication and listening skills.
4. Think analytically through:
 - utilizing quantitative information in problem solving,
 - utilizing the principles of systematic inquiry,
 - utilizing various information resources including technology for research and data collection.

COURSE OUTCOMES/COMPETENCIES (as Required)

Upon completion of this course the student should be able to:

1. Identify and build medical terms from Greek and Latin affixes, roots, and combining forms.
 - 1.1. Recall and apply Greek and Latin combining forms.
 - 1.2. Identify and construct medical terms dealing with the systems of the body.
 - 1.3. Identify and construct medical terms' direction and location.
2. Analyze medical terms and state the anatomical structure involved.
 - 2.1. Identify and construct medical terms associated with different body parts
3. Analyze medical terms and identify their relationship to diagnosis, treatment, and disease.
 - 3.1. Identify and construct medical terms associated with diagnosis.
 - 3.2. Identify and construct medical terms associated with medical treatment.
 - 3.3. Identify and construct medical terms associated with diseases.
4. Properly pronounce medical terms.
 - 4.1. Apply dictionary pronunciation key to medical terms.
5. Properly spell medical terms.
 - 5.1. Use medical dictionary to locate medical terms.
 - 5.2. Use proper spelling when testing or in text exercises.

COURSE COMPETENCIES

Upon completion of this course the student should be able to:

1. Identify and build medical terms from Greek and Latin affixes, roots, and combining forms.
 - 1.1. Recall and apply Greek and Latin combining forms.
 - 1.2. Identify and construct medical terms dealing with the systems of the body.
 - 1.3. Identify and construct medical terms' direction and location.

2. Analyze medical terms and state the anatomical structure involved.
 - 2.1. Identify and construct medical terms associated with different body parts
3. Analyze medical terms and identify their relationship to diagnosis, treatment, and disease.
 - 3.1. Identify and construct medical terms associated with diagnosis.
 - 3.2. Identify and construct medical terms associated with medical treatment.
 - 3.3. Identify and construct medical terms associated with diseases.
4. Properly pronounce medical terms.
 - 4.1. Apply dictionary pronunciation key to medical terms.
5. Properly spell medical terms.
 - 5.1. Use medical dictionary to locate medical terms.
 - 5.2. Use proper spelling when testing or in text exercises.

MINIMUM COURSE CONTENT

The following topics must be included in this course. Additional topics may also be included.

1. Terms dealing with extremities, body regions, and cavities.
2. Terms dealing with microorganisms, reproduction, and respiratory system.
3. Terms dealing with direction and body planes.
4. Terms dealing with digestion and accessory organs.
5. Terms dealing with immune system.
6. Terms dealing with numbers, plurals, and gastro-intestinal system.
7. Terms dealing with skeletal and endocrine systems and senses.

STUDENT REQUIREMENTS AND METHOD OF EVALUATION

INSTRUCTIONAL METHODS

Self study
Small group
CAI

STUDENT REQUIREMENTS

Quizzes
Complete programmed text as assigned
Final examination

GRADING SCALE

A = 90+ B = 80 – 89 C = 70 – 79 D = 60 – 69 F = 59-

ASSESSMENT OF STUDENT GAIN

The purpose of assessing student learning at Neosho County Community College is to ensure the educational purposes of the institution are met and appropriate changes are made in program development and classroom instruction to allow for student success.

A pre-test and a similar post test will be administered and compared for the assessment of student gain.

Attendance Policy

1. NCCC values interactive learning which promotes student engagement in the learning process. To be actively engaged, the student must be present in the learning environment.
2. Unless students are participating in a school activity or are excused by the instructor, they are expected to attend class. If a student's absences exceed one-eighth of the total course duration, (which equates to one hundred (100) minutes per credit hour in a face-to-face class) the instructor has the right, but is not required, to withdraw a student from the course. Once the student has been dropped for excessive absences, the registrar's office will send a letter to the student, stating that he or she has been dropped. A student may petition the chief academic officer for reinstatement by submitting a letter stating valid reasons for the absences within one week of the registrar's notification. If the student is reinstated into the class, the instructor and the registrar will be notified. Please refer to the Student Handbook/Academic Policies for more information
3. Absences that occur due to students participating in official college activities are excused except in those cases where outside bodies, such as the State Board of Nursing, have requirements for minimum class minutes for each student. Students who are excused will be given reasonable opportunity to make up any missed work or receive substitute assignments from the instructor and should not be penalized for the absence. Proper procedure should be followed in notifying faculty in advance of the student's planned participation in the event. Ultimately it is the student's responsibility to notify the instructor in advance of the planned absence.

ACADEMIC INTEGRITY

NCCC expects every student to demonstrate ethical behavior with regard to academic pursuits. Academic integrity in coursework is a specific requirement. Definitions, examples, and possible consequences for violations of Academic Integrity, as well as the appeals process, can be found in the College Catalog, Student Handbook, and/or Code of Student Conduct and Discipline.

ELECTRONIC DEVICE POLICY

Student cell phones and other personal electronic devices not being used for class activities must not be accessed during class times unless the instructor chooses to waive this policy.

NOTE

Information and statements in this document are subject to change at the discretion of NCCC. Students will be notified of changes and where to find the most current approved documents.

ACCOMMODATIONS

If you are a student with a disability who may need accommodation(s), in compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act (ADA) of 1990, please notify the Dean of Student Services in the Student Services Office, Sanders Hall, 620-432-0304, on the Chanute Campus, or the Dean for the Ottawa and Online Campuses, 785-248-2798, on the Ottawa Campus as soon as possible. You will need to bring your documentation for review in order to determine reasonable accommodations, and then we can assist you in arranging any necessary accommodations.

NON-DISCRIMINATION POLICY

The following link provides information related to the non-discrimination policy of NCCC, including persons with disabilities. Students are urged to review this policy.

<http://www.neosho.edu/Departments/NonDiscrimination.aspx>

SEXUAL MISCONDUCT POLICY (TITLE IX)

At NCCC, it is the responsibility of an instructor to help create a safe learning environment in the classroom, including both physical and virtual classrooms. All instructors are considered mandatory reporters at NCCC, therefore any information regarding sexual misconduct that is shared by a student in one-on-one meetings with the instructor must be reported to appropriate personnel at the College. Instructors will keep the information private to the greatest extent possible, but it is not confidential. Generally, climate surveys, classroom writing assignments or discussions, human subjects research, or events such as Take Back the Night events do not provide notice that must be reported to the Coordinator by employees, unless the reporting party clearly indicates that they wish a report to be made.

The following link provides information related to the sexual misconduct policy of NCCC, including resources, reporting options, and student rights. Students are urged to review this policy.
