3. Communicate effectively through:
  - developing effective written communication skills,
  - developing effective oral communication and listening skills.
4. Think analytically through:
  - utilizing quantitative information in problem solving,
  - utilizing the principles of systematic inquiry,
  - utilizing various information resources including technology for research and data collection.

## **COURSE OUTCOMES/COMPETENCIES (as Required)**

1. Apply ICD diagnosis/CPT and HCPCS procedure codes according to current guidelines in a clinical setting.
2. Evaluate the accuracy of ICD diagnostic and CPT procedural coding in a clinical setting.
3. Analyze the documentation in the health record to ensure it supports the ICD diagnosis and reflects the patient's progress, clinical findings, and discharge status in a clinical setting.
4. Analyze current regulations and established guidelines in healthcare clinical classification systems in a clinical setting.
5. Identify discrepancies between Medical Record supporting documentation and coded data in a clinical setting.

## **AHIMA DOMAINS**

### Domain I. Data Content Structure and Standards

#### Subdomain I.A Classification Systems Domain I: Health Data Management

1. I.A 1 Apply diagnosis/procedure codes according to current guidelines (3) application
2. I.A 2 Evaluate the accuracy of diagnostic and procedural coding (5) evaluation

#### Subdomain I.B. Health Record Content and Documentation

1. I.B. 1. Analyze the documentation in the health record to ensure it supports the diagnosis and reflects the patient's progress, clinical findings, and discharge status (4) analysis

### Domain V. Compliance

#### Subdomain V.A. Regulatory

1. V.B. 1. Analyze current regulations and established guidelines in clinical classification systems (4) analysis

#### Subdomain V.D. Clinical Documentation Improvement

1. V.D. 1. Identify discrepancies between supporting documentation and coded data (3) application

## **MINIMUM COURSE CONTENT**

The following topics must be included in this course. Additional topics may also be included.

1. Clinical Experience
  - a. Minimum of 90 hours of clinical practicum in an approved host facility
  - b. The student will apply diagnosis and procedure codes to a variety of health records using established and approved coding guidelines and standards.

## **STUDENT REQUIREMENTS AND METHOD OF**

### **EVALUATION INSTRUCTIONAL METHODS**

A cumulative point system is used. Your class assignments will include reading, review questions, written reports, case studies, Website research, projects, practice exercises, discussion questions, chapter quizzes and examinations. The chapter examinations will be a part of each learning unit and are completed after the unit assignments, and prior to starting the next unit. Possible points for written reports, case studies, projects, and exams will vary and tracking of your total points for each assignment or exam will be available on the course Website. Class assignments will be evaluated for accuracy, content, form, knowledge of subject matter, application of knowledge and ability to communicate effectively. Class participation and completion of assignments by the due date are essential elements to your success in this course. Total points accumulated during instruction will be provided by the supervisor and staff at the affiliation host facility along with the course instructor. Student will observe and participate in code assignment to patient health record

## **STUDENT REQUIREMENTS**

Students will be required to follow policy and procedure as set forth by the host facility. Student evaluation will be directly related to the performance of objectives. Students must participate in all activities, as well as accurately complete assignments and examinations within the internet platform in a timely manner. Therefore it is imperative that students have a reliable internet provider, computer hardware, and email address to succeed in this course

## **GRADING SCALE**

The letter grade is based on the percentage of the total points earned throughout the semester based on the following scale:

A = 90 to 100%

B = 80 to 89%

C = 70 to 79%

D = 60 to 69%

F = 59% and below

## **ASSESSMENT OF STUDENT GAIN**

Student gain will be determined by student improvement in each of the competencies.

### **Attendance Policy**

1. NCCC values interactive learning which promotes student engagement in the learning process. To be actively engaged, the student must be present in the learning environment.
2. Unless students are participating in a school activity or are excused by the instructor, they are expected to attend class. If a student's absences exceed one-eighth of the total course duration, (which equates to one hundred (100) minutes per credit hour in a face-to-face class) the instructor has the right, but is not required, to withdraw a student from the course. Once the student has been dropped for excessive absences, the registrar's office will send a letter to the student, stating that he or she has been dropped. A student may petition the chief academic officer for reinstatement by submitting a letter stating valid reasons for the absences within one week of the registrar's notification. If the student is reinstated into the class, the instructor and the registrar will be notified. Please refer to the Student Handbook/Academic Policies for more information
3. Absences that occur due to students participating in official college activities are excused except in those cases where outside bodies, such as the State Board of Nursing, have requirements for minimum class minutes for each student. Students who are excused will be given reasonable opportunity to make up any missed work or receive substitute assignments from the instructor and should not be penalized for the absence. Proper procedure should be followed in notifying faculty in advance of the student's planned participation in the event. Ultimately it is the student's responsibility to notify the instructor in advance of the planned absence.

## **ACADEMIC INTEGRITY**

NCCC expects every student to demonstrate ethical behavior with regard to academic pursuits. Academic integrity in coursework is a specific requirement. Definitions, examples, and possible consequences for violations of Academic Integrity, as well as the appeals process, can be found in the College Catalog, Student Handbook, and/or Code of Student Conduct and Discipline.

## **ELECTRONIC DEVICE POLICY**

Student cell phones and other personal electronic devices not being used for class activities must not be accessed during class times unless the instructor chooses to waive this policy.

## **NOTE**

Information and statements in this document are subject to change at the discretion of NCCC. Students will be notified of changes and where to find the most current approved documents.

## **ACCOMMODATIONS**

If you are a student with a disability who may need accommodation(s), in compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act (ADA) of 1990, please notify the Dean of Student Services in the Student Services Office, Sanders Hall, 620-432-0304, on the Chanute Campus, or the Dean for the Ottawa and Online Campuses, 785-248-2798, on the Ottawa Campus as soon as possible. You will need to bring your documentation for review in order to determine reasonable accommodations, and then we can assist you in arranging any necessary accommodations.

## **NON-DISCRIMINATION POLICY**

The following link provides information related to the non-discrimination policy of NCCC, including persons with disabilities. Students are urged to review this policy.

<http://www.neosho.edu/Departments/NonDiscrimination.aspx>

## **SEXUAL MISCONDUCT POLICY (TITLE IX)**

At NCCC, it is the responsibility of an instructor to help create a safe learning environment in the classroom, including both physical and virtual classrooms. All instructors are considered mandatory reporters at NCCC, therefore any information regarding sexual misconduct that is shared by a student in one-on-one meetings with the instructor must be reported to appropriate personnel at the College. Instructors will keep the information private to the greatest extent possible, but it is not confidential. Generally, climate surveys, classroom writing assignments or discussions, human subjects research, or events such as Take Back the Night events do not provide notice that must be reported to the Coordinator by employees, unless the reporting party clearly indicates that they wish a report to be made.

The following link provides information related to the sexual misconduct policy of NCCC, including resources, reporting options, and student rights. Students are urged to review this policy.
